

## WORK EXPERIENCE

### Front End Developer

#### Web Benefits Design Corporation

03/2017 – Present

- Collaborated with a team of developers to convert an older internal application from PHP and jQuery to React using ES2015, yarn, and a Content Management System.
- Developed unit tests using Jest that validated existing application logic and removed tight coupling of classes significantly improving site maintainability.
- Envisioned and made client pro-sites on demand when necessary using Wordpress.

### Front End Development Teaching Assistant

#### Skillcrush

01/2017 – Present

- Taught students such topics as HTML5, CSS3, git, JavaScript and domains & hosting while presenting office hours and assisting students with debugging their code.
- Facilitated the development of improved courseware with the in-house team using Agile project management techniques to complete sprints and improve the student experience.
- Became an integral part of the course testing and research team due to constant immersion in courseware of other languages and methodologies like Ruby and design.

### Front End Developer

#### Freelance

08/2016 – 03/2017

- Created and maintained websites for clients as well as offer wireframes and mockups before the product was delivered using skills like React, CSS3, HTML5, or frameworks that benefitted the client's mission and brand.
- Used code, paper, and Hype prototypes to showcase the current status of the project and future user reactions.

## PROJECTS

#### Springfield (03/2017 – Present)

- Implemented new technologies into a dying PHP Benefits platform to a usable and more efficient product.
- Technologies: React, Redux, yarn, git, Wordpress, Jira, Bitbucket

#### Skillcrush FTP Lesson (05/2017)

- Brought the FTP lesson to 2017. Responsible for updating the coursework and creating screencasts to showcase how using an FTP client works.
- Technologies: Jira, FTP, CyberDuck, Filezilla

## PROFICIENCIES

React

JavaScript

HTML5

CSS3 & Sass

Agile

Firebase

git

Linux Terminal

npm

PHPStorm & IntelliJ

Redux

Unit Testing

yarn

Affinity Designer

## CONFERENCES

#### Front End Design Conference (04/2017)

Speaker

- Presented how facilitation of mentorship by senior engineers and presence of junior developers can positively influence a company

## ORGANIZATIONS & MEETUPS

#### Orlando Developers (ODevs)

Organizer

#### Open Code Orlando

Organizer

## EDUCATION

### Broadcast Communication

#### Flagler College

01/2011 – 05/2013

### Front End Engineering

#### The Iron Yard

07/2016 – 10/2016

## FUN FACTS

DevFest Conference Speaker 2017
